Although reports have been submitted to the Department by all citizens councils concerning which we have conducted investigations and inquiries to date, the Department has indicated the activities of these organizations do not fall within the purview of Executive Order 10450. In view of this fact, there is no basis upon which to base justification for further inquiry. Therefore, you are instructed to immediately discontinue inquiries concerning all citizens councils upon receipt of this letter. It is your responsibility to also immediately notify auxiliary offices of the discontinuance of the investigation.

In order that the Bureau may continue to carry out its responsibilities of keeping interested Government agencies informed of information of interest to them, you must continue your efforts to keep abreast of developments in order that the Bureau may be apprised of any situation which indicates a potential for violence. In obtaining information, however, absolutely no inquiries are to be made by you. You must secure the desired information through close scrutiny of the public press plus whatever information may be volunteered to you.

With respect to the use of confidential informants, I want it clearly understood that no informant is to be given any assignment in connection with obtaining information regarding the activities of citizens councils without prior Bureau authority. If you have a confidential informant already reporting on citizens councils matters you may continue to accept information volunteered by the informant but you must not give him any additional assignments in this field. If you feel it is necessary for some specific reason to continue an informant in a particular citizens council you must immediately advise the Bureau, together with the identity of the informant, his reliability and your assurance that continued operation of the informant will not result in any embarrassment to the Bureau.

Each office receiving copies of this letter must submit to the Bureau a monthly summary of information concerning the activities of citizens councils in your respective territories. The first such letter is to be submitted to reach the Bureau by January 15, 1957, and each succeeding letter must be submitted to reach the Bureau by the fifteenth of each month. This summary, which shall consist of an original and seven copies, must be submitted in memorandum form suitable for dissemination and forwarded to the Bureau by cover letter. These summary memoranda and your cover letter must bear the caption "Citizens Councils, (name of field office)". Each of these summary memoranda must also be dated.

As in the past, information received concerning citizens councils which requires expeditious handling must not be delayed for inclusion in the monthly summary but must be furnished to the Bureau promptly by whatever means of communication is required by the nature of the information.

This matter must receive your personal attention and it is your responsibility, insofar as is possible, to see to it that the Bureau will continue to be in a position to furnish pertinent information concerning potential violence to interested Government agencies.

With respect to the administrative handling of current cases, you should submit a closing report within 30 days from the date of this letter. These reports have been submitted.

The above-described communication makes reference to Bureau letter dated 12-5-56 to Knoxville captioned "TENNESSEE WHITE CITIZENS COUNCILS; INTERNAL SECURITY - X", in which letter the Bureau instructed that separate cases be opened on White Citizens Councils in Campbell, Knox, Roane, and Anderson Counties.

Prior to the initiation of investigation under cases opened in these separate categories, the Knoxville Office received information to discontinue investigation of the White Citizens Councils. For that reason, no new cases were opened as instructed in Bulet of 12/5/56, no information concerning these Councils has been developed and, therefore, no reports are being submitted in those cases.

The report of SA RICHARD B. LAVIN dated 12/14/56 at Washington Field and captioned "WHITE CITIZENS COUNCILS OF D.C., aka; INTERNAL SECURITY - X", contains information concerning addresses of additional White Citizens Councils within this territory as follows:

On 12-31-56, GLAD WOODWARD, Sheriff of Anderson County, Tennessee, advised that at approximately 10:00 PM on 12-28-56 Deputy Sheriffs assigned to his office at Clinton heard what sounded to be a dynamite blast in the area south of Clinton. He advised that they made inquiries attempting to locate the scene of the blast but were unable to locate it until the following morning. He advised that they then determined that a charge of dynamite had been detonated just outside a wall of a cement block building which was located just off Highway 25 and approximately one-half mile south of Clinton. The Sheriff stated that the building was unoccupied and that it has recently been rented by JOHN KASPER for the reported use as his state headquarters for the White Citizens Council.

Sheriff WOODWARD stated that the blast, which he estimated was caused by three sticks of dynamite, caused considerable damage to the building; and he was of the opinion that the building is now suitable for occupancy. WOODWARD advised that while he was investigating the blast on the morning of 12-29-56, JOHN KASPER and came to the building and indicated that they no longer desired to use the building for meetings. WOODWARD stated that he has determined that a White Citizens Council meeting was held in the building on the evening of the blast and that this meeting adjourned at approximately 9:30 PM.

WOODWARD advised that he has no suspects in connection with the blast but is considering it a possibility that the blast was set by members of the White Citizens Council in order to avert suspicion from them in connection with several other dynamite blasts which have occurred in Anderson County in recent weeks.

WOODWARD and Clinton Chief of Police FRANCIS MOORE have indicated that the activities of the White Citizens Council at Clinton apparently have been curtailed by the arrest of the 16 persons who are now under bond to the Federal Court at Knoxville on a charge of Contempt of Court in connection with their activities arising out of the racial trouble at Clinton. Both men indicated that since these persons were arrested there have been no disturbances which they feel are attributable to the White Citizens Council.

Through his Lawlessness and Disorder Committee he has become one of the chief agitators of the Communist social revolution in the Knoxville area. The article states that approximately 100 persons attended the meeting, which was described as a White Citizens Council group. The article states that one member of the audience asked KASPER why he came to Tennessee to 'carpet bag'. The article states that some persons booed the questioner and, that KASPER took considerable time in answering the question. The article continues stating that KASPER then explained why he had employed a Negro girl to assist him in the operation of a book store.

Mrs. W. C. SMITH, who indicated that they were members of the White Citizens Council. The article quotes Mrs. ANDERSON as saying CLYDE COOK has donated the acre of land on which the building will be erected. She described the building as being approximately 40 feet by 80 feet and it is anticipated it will cost $12,000.00 to construct. There will be a parking lot with facilities for accommodating 500 cars. The article states ground-breaking ceremony will be held on 2/1/57 and that JOHN KASPER will speak and participate in the ceremonies. These ladies stated that a planning meeting has been set for 1/31/57 at Ann's Cafe in Clinton and that JOHN KASPER will speak at this meeting.

An article appearing in the 2/9/57 edition of the Knoxville News-Sentinel states that JOHN KASPER and Rear Admiral JOHN CROMMELIN (Retired) of Wetumpka, Alabama, spoke at a meeting of the White Citizens Council at Clinton, Tennessee, on 2/8/57. The article described CROMMELIN as a three-time unsuccessful candidate for the United States Senate, stating he warned of a "hidden force" attempting to subvert the country and he attacked prominent Americans as "left-wing stooges". The article stated approximately 180 persons attended the rally, that the audience cheered frequently as KASPER and CROMMELIN attacked Jews and politicians. The article states KASPER stated he was more "Jew conscious" than "Negro conscious" and that he praised poet EZRA POUND, an accused traitor, now committed to a mental hospital as a "genius" from whom he learned "the meaning of democracy and the Constitution".

On 2/11/57, the Clinton Courier-News, advised he attended the White Citizens Council rally at Clinton on 2/8/57 and described the proceedings at the rally as follows

"The meeting was opened with a prayer by Reverend Following that, JOHN KASPER spoke at length concern-ing the dangers of adding fluoride to the water supply for the City of Clinton, that he referred to the fact that a new newspaper had been organized in Clinton, that he praised EZRA POUND, and that he stated the White Citizens Councils of Anderson and Knox Counties had published a newspaper. He stated he bought several copies of this latter publi-cation and they were for sale at the meeting. KASPER also mentioned that a ten thousand car motorcade was being planned to travel to Nash-ville, Tennessee, from all parts of the State, where the persons forming

the motorcade would demand that the State Legislature appeal the compulsory attendance laws now in effect for the state-supported schools and they would demand that the state cut off state funds from any integrated school. He then introduced Rear Admiral JOHN CROMMELIN.

advised CROMMELIN then stated he had at one time been one of the three men directly under the Secretary of Defense and that he had resigned that position because he was forced to furnish information to the American public which he knew to be false and fraudulent. He stated that the newspaper twisted his resignation to imply that he had resigned because he was reportedly against the production of long-range bombers. He stated such was not the case, that it was his policy to take the battle to the enemy, whether the enemy was external or internal.

advised CROMMELIN attacked most of the political leaders over the past 20 years, that he criticized the handling of the Montgomery, Alabama, bus problem, stating the Supreme Court of the United States had ruled on that problem in three months rather than in two years, which he described as being the normal time for such a problem to reach the Supreme Court. CROMMELIN stated that three fourths of the Jews of the world are in the United States and he then delivered a tirade against the Jews.

CROMMELIN advised he had held several prominent positions, but he was unable to effect the necessary changes alone and he encouraged talking among the people concerning the problems which they felt were not being handled satisfactorily.

stated CROMMELIN finished his remarks with a statement that it is possible that neither we nor our children would live to see it, but that a statue of JOHN KASPER would be erected in the Anderson County Court House lawn."

stated he purchased one of the papers which KASPER indicated he had brought with him. He furnished a copy of the paper which is captioned "The Clinton-Knox County Stars and Bars" and describes itself as being a nationalist attack newspaper serving East Tennessee. This section also criticizes CLARE BOOTH LUCE, former Ambassador to Italy, for her letter praising HORACE WELLS, Editor of the Clinton Courier-News. The paper also attacks the proposal of adding fluorine to the Clinton water supply and describes a meeting of the Knox County White Citizens Council held 1/25/57 in Knoxville when JOHN KASPER, Executive Secretary of the Tennessee White Citizens Council, explained his association with a Negro in a New York City book store. Enclosed with this letter is the original and eight copies of a blank memorandum requested in Bureau letter to Atlanta, et al, captioned, "Citizens Councils; Internal Security - X", dated December 13, 1956.

One extra copy of this memorandum has been designated for the Bureau inasmuch as the Tennessee White Citizens Councils (Anderson County, Tennessee) is mentioned. It is felt that the Bureau has a separate file on this organization.
An article appearing in the February 4, 1957, edition of the Clinton Courier News, points out that considerable friction has developed within the ranks of the segregationist organizations in the Clinton area. The friction is attributed to Frederick John Kasper. The article quotes an official of the Tennessee Federation for Constitutional Government as saying that Kasper was not invited to participate in the segregationists "march on the Capitol" on February 12, 1957, and that he "should go back to Greenwich Village where he came from".

The article continues, stating that Kasper's newspaper, the Clinton-Knox County Stars and Bars, attacks John Roy, a director in the Tennessee Federation for Constitutional Government, calling him "a Judas-goat", and pointed out that this was "the animal used to lead cattle or swine into the slaughter and then jumps out the other side when the unwanted are safely in". The Clinton Courier News article states that the Clinton-Knox County Stars and Bars article also attacks Willard Till, first secretary of the White Citizens Council at Clinton, and states that he "unsuccessfully tried the same divisive tactics on the White Citizens Council in Anderson County but was frustrated".

The Clinton Courier News article, which is attributed to editor Horace V. Wells, Jr., quotes the writer's opinion as follows:

"The more you see of Kasper, the more you realize that all he wants is to be the 'leader' - and if he can't be the leader in the fight against Negroes, then he is willing
to take on the Jews, or even fluoridation! Apparently you can name it and Kasper is against it!"

The article continues, discussing the statement made by Jack Kershaw concerning Kasper's being unwelcome in Tennessee, and states that Kasper advised one newspaper that Kershaw and the Tennessee Federation for Constitutional Government are guilty of wishful thinking in asking him to leave Tennessee, and he described Kershaw as a third rate political hack who is using segregation to advance his political fortunes. This article continues that Kasper claimed that he would never desert the Tennessee White Citizens Council or the white race in Tennessee until the outcome of the struggle is crystal clear and spells victory for the white man over the race mongrelizer.

states that his paper had received numerous calls from persons in Anderson County who have advised that the Anderson County White Citizens Council has no connection whatsoever with Kasper.

The article continues that during the previous week only a few people were present at the delayed ground breaking for the proposed State headquarters for the White Citizens Council building and that on Friday night, February 8, 1957, only 180 persons were present at a joint Knox-Anderson County meeting when an out-of-state speaker and Kasper were scheduled on the program.

An article appearing in the Knoxville Journal of February 16, 1957, relates that the Knoxville and Anderson County White Citizens Councils are sponsoring a "mid-winter rabble rousing" at the Diehl Farm on Callahan Road at 2:30 p.m. the following day. The article states that John Kasper made the announcement and that he stated Bryant Bowles of Beaumont Texas, who, according to Kasper, was responsible for stopping integration of the schools at Milford, Delaware, is expected to speak. According to Kasper, BOWLES would talk on the subject "Public Strategy in Knoxville to Deal with Threatened Integration".

Kasper stated that the Council would consider supporting a resolution similar to the Georgia resolution which calls for impeachment of the justices of the United States Supreme Court and also discuss plans for a State-wide university.
An article appeared in the February 24, 1957, edition of the Knoxville News-Sentinel which attributes a statement to W. H. Till, Chairman of the White Citizens Council of Tennessee, in which Till stated that the organization which he headed has surrendered its charter. He pointed out that his group was separate from the group headed by John Kasper and that his organization will now join forces with the Tennessee Federation for Constitutional Government. Till stated that he never approved of "some of Kasper's tactics". He praised the Federation as an organization which "goes about its business of protecting the Constitution and other activities in a peaceful manner".

An article appeared in the February 28, 1957 edition of the Clinton Courier News relating that a Tennessee White Citizens Council meeting was held the previous Friday (February 22, 1957) at Ann's Cafe in Clinton. The meeting was scheduled to begin at 7:00 p.m., however, the first persons arrived at approximately 7:45 and when the meeting started at 8:00 p.m. there were 18 persons present. Kasper explained the small crowd by saying that he had previously been scheduled to speak in Virginia but that his meeting in Virginia had been cancelled thus creating confusion in Clinton. Kasper was quoted as saying he would deliver a "major" address in Clinton at Ann's Cafe, on March 1, 1957, however, the article pointed out that the arrest orders which had been issued by the Federal Court at Knoxville may alter his stated plans. The article stated that details of the above-described meeting were not made available to the public.

A lengthy article in the March 1, 1957 edition of the East Tennessee Reporter is headlined, "Federal Court Increases Fear in Clinton". The article discusses the February 25, 1957 arrest of John Gates at Clinton, Tennessee, on a charge of contempt of court in connection with alleged activities on his part in interfering with integration of the Clinton High School and his reaction to this arrest. The article attributes the following statement to Gates - "Furthermore, I guess somebody has got it in for me because the White Citizens Council or the Federation for Constitutional Government has used my place to meet in".

An article appearing in the March 1, 1957 edition of the East Tennessee Reporter states that on March 1, 1957 at 7:30 p.m., John Kasper will address a meeting of the White Citizens Council to be held at the home of Marshall Jones.
The writer points out that Kasper was being sought by Georgia authorities under an amended injunction, and states that his speech will be an expose of the Anderson County School Board.

This article also points out that Clyde Cook, who was recently elected "White Citizen of the Year" by the White Citizens Council, Clinton Chapter, had been admitted to the Oak Ridge Hospital for a physical check-up.

The Clinton Courier News, advised that a scheduled White Citizens Council meeting was held in the Anderson County Courthouse, Clinton, Tennessee, on March 11, 1957. It stated that he did not attend the meeting but noted that there were at least 100 persons in attendance and it was his opinion, from his observation of the license plates on cars near the meeting hall, that many of those present were from Knox County, Tennessee, Nashville, Tennessee, and Georgia. He stated that he was advised that some of the attorneys who will represent the defendants in the contempt of court trial in U. S. District Court at Knoxville, were present and that this trial was one of the main topics of discussion.

The Clinton Courier News, stated that he has been alert for additional copies of the Clinton-Knox County Stars and Bars and has never observed any copies after the copy which was distributed February 8, 1957 at Clinton. He advised that it is his understanding that this paper is published by Kasper and has no regular publication date. He felt that it is possible that there will be no additional editions.

An article appearing in the Clinton Courier News on 3/28/57 states that three racists spoke to the Anderson County White Citizens Council at Clinton, Tennessee, on 3/24/57. The speakers were identified as JOHN KASPER, Admiral JOHN COOMIN, retired U. S. Navy, and BILL HENDRIX, "Grand Dragon of the Southern Knights of the Ku Klux Klan."

the Clinton Courier News, advised that approximately 60 persons attended the meeting which KASPER opened, stating that he expected to be tried with the other defendants in the contempt of court case in the District Court at Knoxville and that he came back to Anderson County to "clear up my character." He introduced the Southern Knights of the Ku Klux Klan.

then stated that he had invited KASPER to Florida and that KASPER was the victim of political prosecution for exercising his guaranteed right of freedom of speech. He pointed out that 50 per cent of the Florida population is Colored and he expects "real trouble" when attempts are made to integrate schools in Florida. He stated that KASPER's relationship with Negroes has been distorted, that the investigation made by the Legislative Committee in Florida concerning KASPER was a one-sided trial and that KASPER's early association with Negroes was attributable to his environment and that he has now "seen the light." He attacked civil rights legislation pending in Congress as being Communistic and inspired by the Jews. He stated that he and Florida are standing by KASPER. He described the NAACP as the most dangerous organization in the United States and he urged persons present not to disagree among themselves. He suggested that they do the opposite of what they thought they were expected to do and urged that they band together to prevent Negroes from entering schools and local politics.
KASPER then stated that approximately one year ago he awoke to the Negro menace and introduced COMMELIN as being the first man in the South to openly fight Communists.

COMMELIN then stated that he came to Anderson County not to defend KASPER but to celebrate a victory. He stated that the curtain has been removed from the Communist conspiracy and that Judge TAYLOR has over-played his hand. COMMELIN recalled how he became acquainted with KASPER after being impressed by literature which he saw in the window of KASPER's Washington bookstore. He stated that he influenced KASPER to testify before a Congressional Committee which was holding hearings on a mental health bill. He stated that KASPER informed the committee that he knew the bill was sponsored by Jews. COMMELIN described KASPER as a man who cannot be bought. He then attacked HARRY DEXTER WHITE for giving engraved money plates to Russia in order that American money could be printed for the purpose of bankrupting the U. S. He stated he has talked to prominent attorneys concerning KASPER's conviction and that all of the attorneys have nothing but contempt for Judge TAYLOR. He stated he was informed by that KASPER's case would be appealed to the Supreme Court if necessary. He, too, urged the assembled group to be active in local politics and not to be afraid to speak against integration. He suggested that the Anderson County White Citizens Council be called the John Gates White Citizens Council in honor of GATES who recently died in a mental hospital shortly after being taken into Federal custody on a contempt of court charge and suggested that when the members meet each other, they greet with the words "Remember JOHN GATES."

An article appeared in the Knoxville Journal on 3/25/57 which stated that 50 to 60 persons attended a meeting at the Callahan Road on the Diehl farm on the afternoon of 3/24/57, and that KASPER, HENDRIX, and PETER XAVIER of Dayton, Ohio, talked.
An informant who has furnished reliable information in the past and who attended this meeting stated that KASPER was the first speaker and appeared to be in charge of the meeting. He stated that KASPER remarked that he could not say what he wanted to say because of his case pending in the Federal courts in this district. He continued, stating that he was being persecuted and prosecuted for his stand on segregation. He criticized the press, accusing them of lying about his statements. He stated that JOHN GATES should be considered a martyr.

KASPER urged the persons present to refrain from making direct statements pertaining to the injunction pending in Federal courts or from making any statements which could be interpreted as suggesting that anyone violate the injunction.

The informant stated that KASPER then introduced who made practically the same speech as the informant heard him make the previous evening at Clinton.

Informant then stated that who was introduced as being from Dayton, Ohio, incited racial troubles in Ohio, discussed how he had been prosecuted. He stated that he had burned a cross and had been arrested but he indicated that additional crosses will be burned in Ohio in the future.

Informant stated that was then introduced and stated he would like to add the crowd but felt that since he is KASPER, it would be a bad policy for him to talk. Informant stated that KASPER then made reference to the expenses incurred in his legal battles and stated that the collection which was being taken up would assist in this fight. The informant pointed out that he does not believe the collection would total more than $5.00.

Informant stated KASPER advised that on 4/16/57, a huge KKK rally would be held on the Diehl farm. Informant stated that the attending crowd exhibited little enthusiasm for any part of the proceedings.

KASPER told the crowd that Attorney General BROWNELL has a niece who was married to a colored man by whom she has a baby. He stated that this fact explains BROWNELL's stand favoring integration. He then stated that many years ago a colored woman whose children were not permitted to attend college with white persons expressed the hope that some day she would have a descendant who would be a college graduate. He stated that her hope was fulfilled inasmuch as one of her descendants, DWIGHT DAVID EISENHOWER attained a college education. KASPER stated that IKE EISENHOWER "to our best knowledge at this time is one fourth Negro." An article appearing in the Knoxville Journal on 6/11/57, states that segregationist JOHN KASPER who identified himself as Executive Secretary of Tennessee White Citizens Council, appeared before the Knoxville School Board the previous night. The article states that KASPER was accompanied by some 15 persons whom he said were members of the Knox County Division of the Tennessee White Citizens Council. The article states that KASPER was the only one of the group to address the board, that he indicated he was there to obtain information but ended up by advising the board members to resign their positions in protest of any federal order to integrate the school system. The article stated that KASPER indicated to the board that he had seen in a local newspaper that the board had worked out eight ways to integrate.

He said "The board has done the thinking of the judge." According to the article he continued stating "We (members of TWCC), believe it would be better if Federal Judge TAYLOR ordered integration and gave you a plan." He also stated "We heard from a reliable source that the Knoxville schools would already be integrated except for the trouble at Clinton. I believe 95 per cent of the people are opposed to mixing of the races. If you will stand against it (integration) and resign in protest of any federal order, it could have the greatest possible effect on the state legislature. It might mean a special session. We are only interested in legal means and remedies. If you do not believe in mixing races and have the backbone you will resign in a body."

KASPER continued by stating that Clinton is far from a tranquil town and will remain restless as long as Negroes are in school. KASPER advised that those places which have been integrated with little trouble were integrated because of the "lack of leadership of the community which has always failed the people where integration has been affected. They have been thrown over by the politicians and leaders."
Re: CITIZENS COUNCIL
KNOXVILLE, TENNESSEE

The article continued by stating that school board chairman ANDREW JOHNSON replied to KASPER as follows: "You talk about back bone or the lack of it, I believe it is cowardice to suggest that we resign. I have no intention of resigning simply because of the problem we have to face. I for one intend to uphold the law and as far as this board telling the court what to do we can not do it. We can present the facts as we know them and we can ask the court for help. That is what we intend to do. Many of the statements you have made are erroneous. This board has not presented anything to Judge TAYLOR."

The article states board members HOYLE-CAMPBELL and ROBERT RAY endorsed JOHNSON's statement. The article stated that JOHNSON then suggested to KASPER that "If you have something constructive in this case, I suggest you take it to the court where it can be handled in a legal, proper manner." JOHNSON also stated "I hope you are sincere when you said you did not want violence. It seems to me from your recent experiences you would know that violence is not the right way to settle things."

During the recent trial in the U. S. District Court, Knoxville, Tennessee at which several persons were convicted of contempt of court of charges arising out of their interference of the integration of Clinton High School. The U. S. Attorney at Knoxville was in possession of a list of the members of the Anderson County White Citizens' Council. This list had been in the possession of the Anderson County White Citizens' Council, and was subpoenaed by the Government. A copy of the membership list was made on a duplicating machine. This copy is now being retained in the 1-A section of Knoxville file 105-176.

Inasmuch as no investigation concerning the White Citizens' Council is being conducted, the names are not being indexed and are not being reproduced for the Bureau unless specific instructions to do so are received from the Bureau.

The list contains approximately 500 names and addresses.

Re: Bullet to Atlanta 10/9/57, advising that
steps should be taken to obtain the necessary coverage of
Citizens Councils with respect to possible use of violence in
connection with integration matters.

Each office receiving referenced communication
was instructed to institute immediately a definite program in
this regard. In order to obtain this coverage, the Knoxville
Office has instituted a program of reviewing all files con-
taining information pertaining to the Citizens Councils in
this territory, which includes a review of the file in this
office containing the investigation of the recent contempt of
court order in connection with the integration of schools at
Clinton, Tennessee. These files contain information regarding
the location of certain Citizens Councils in the Knoxville
territory; however, since this list may not be a complete picture,
Agents in Resident Agencies and road territories are being
alerted to furnish any information regarding the existence or
possible organization of any Citizens Councils in their respective
territories. These Agents have been instructed to use utmost
discretion in making any inquiries and that no active inquiry
should be conducted concerning such councils.

It is to be noted that there are no headquarters
offices maintained by the Citizens Councils in this territory,
according to information presently available. During the recent
Clinton High School disturbances, there was an office of the
White Citizens Council opened in Clinton; however, this office
has been closed for some time. Based on information in the
Knoxville files at this time, it is believed that coverage
initially should include Knoxville, Chattanooga and Clinton,
which are the only locations, according to the most recent
information, where there have been councils organized.

It is planned that all files of this office
concerning former confidential sources, security informants and

panel sources will be reviewed to ascertain whether any of these individuals might be utilized in connection with coverage of instant matter.

All files of active security informants and sources will be reviewed to ascertain whether any of these informants could be utilized for coverage. In this connection, it is thought that possibly some of the active security informants furnishing information regarding Ku Klux Klan matters might also be in a position to furnish information regarding White Citizens Councils. The files of this office contain some information indicating that literature of White Citizens Councils has been exchanged with chapters of the Ku Klux Klan.

In the review of files of this office, particular attention will be paid to any information received from members of any minority group or persons who have openly expressed opposition to the use of violence in any form, who might be potential informants.

It is planned that previous sources of information concerning council activities will be re-established for the purpose of obtaining literature published or circulated by the councils and for any information which will keep the office informed of possible trends toward violence. In this connection, newspapers and other publications will be carefully followed for the same purpose.

A letter will be submitted by this office reflecting progress made within thirty days. Agents participating in this program have been carefully instructed that the Bureau is not investigating Citizens Councils and has no interest in the actions of Citizens Councils as such, and that no active inquiries should be conducted concerning such councils. They have also been instructed that no individuals should be contacted as a possible informant until Bureau authority is obtained and that no person should even be considered in connection with this matter unless he is completely trustworthy.

Re Bulet to AT 10/9/57, and KK letter to Director 10/21/57.

Information received by the Knoxville Office to date reflects that the activities of organizations of the "Citizens Council type" are at Chattanooga and Knoxville. There are two organizations located at Chattanooga known as the Tennessee Society to Maintain Segregation and the States Rights Council of Tennessee. In Knoxville there is functioning an organization known as Knox County White Citizens Council. There was previously in existence an organization known as the Anderson County White Citizens Council which had headquarters at Clinton, Tennessee, however, since the trial of JOHN KASPER et al, no recent information has been received indicating this organization is presently active.

Security informants and know they are Segregation and of the States Rights Council of Tennessee. They advised that they have and so far as they know these organizations have been very inactive since 11/56, and that the only activity since 11/56, has been an occasional open air speech sponsored by one or the other of these organizations. The most recent open air speech was held a few months ago in Cleveland, Tennessee, and it is interesting to know that both of these informants reported this information prior to the meeting. These informants are Klan informants and the plan for the open air meeting at Cleveland was announced at one of the Klan meetings at Chattanooga. has

advised that there has been so little activity by either organization that he does not know to obtain any information of interest indicating violence on the part of either organization or the members. It is believed that future coverage of these organizations can be obtained by either of these two informants and as the organizations become active sufficient information can be obtained to aid in the development of additional informants.

At Knoxville, Klan informant advises that the members of Knox County White Citizens Council and he had advised that he had made recent attempts to contact this person. This informant states that he will endeavor to obtain any information regarding the activities of this group. This informant advises that to his knowledge, the Council in Knoxville has not been very active and appears to be more of a paper organization. He advised he will endeavor to obtain additional information concerning the organization and the possibilities of obtaining membership therein.

The Knoxville Office has reviewed closed files pertaining to informants, panel sources and confidential sources but has not developed any good potentialities from this review to date for coverage of this Citizens Council. None of the organizations maintain any headquarter offices in the Knoxville territory and apparently the activity is conducted from the homes of the members or officers. Due to the lack of headquarter offices and public activity on the part of these organizations at this time, it would be difficult to place any cooperative individual in a position where he might reasonably get active in the organization. It is felt that the best results for obtaining coverage will be attained through the use of present Klan informants. Efforts are, therefore, being made to have these Klan informants obtain any background information and membership information concerning these organizations and the information so obtained will be used as a basis for developing informants who would be in a position to furnish necessary coverage.

The Bureau will be kept advised of the progress in this matter.

As previously reported, investigation Knoxville indicates two organizations of "Citizens Council type" located Chattanooga, and this office has two Klan informants members thereof. They have reported no recent activity by either organization.

Information received reflects little activity of Knox County White Citizens Council as an active organization. Klan informant advised that he has continued his efforts to secure an opportune contact with an acquaintance, whom he knows to be member of WCC. This informant states he will continue efforts to make contact for purposes of obtaining membership therein.

Bureau will be kept advised of progress in this matter.

No information has been received by the Knoxville Office reflecting any renewed activity of the Knox County White Citizens Council, which is reported to be the only functioning organization in Knoxville. It has previously been reported that there are two "Citizen Council type" of organizations located at Chattanooga, but that these organizations are not active. The two informants of this office and who are also klan informants, have been instructed to keep in close touch with these organizations and immediately report any activity.

Knoxville Office has an active klan informant who has been endeavoring to arrange a suitable contact with an individual in Knoxville whom the informant believes to be a member of the White Citizens Council. This informant stated he has not been successful in contacting this individual under favorable circumstances. As late as 1/22/58 this informant was questioned regarding his success in arranging a contact with this individual; however, informant advised he had been ill for the past week and had been unable to make his contact, but that he would do so in the immediate future. This informant will be closely followed until his contact is made and the possibilities of his securing information regarding the WCC is resolved.

Also, the Knoxville Office plans to develop panel sources who might be utilized in connection with WCC coverage and who might possibly develop into future S1's. Preliminary investigation is now being made concerning two individuals for the purpose of obtaining the required information for submission to the Bureau and for Bureau's approval for contacting these individuals.

Since last report, there has been no information received indicating that the Knox County White Citizens Council is presently active in Knoxville. Informants who at Chattanooga furnished no information indicating these organizations are presently active.

As previously pointed out, this office has an active Klan informant who has been endeavoring to contact an individual believed by him to be active in the White Citizens Council. He states that he is continuing to try to present a favorable opportunity where he can discuss the WCC with this individual but that due to illness and the pressure of business he has not been able to arrange a meeting with this person. He was last contacted 2/14/58, at which time he stated he had made numerous telephone calls to the individual's residence and had talked to one member of the family who had invited him to call again, but he has not been able to contact the individual personally. He stated he would continue his efforts in this regard.

Knoxville Office has submitted to the Bureau the names of two individuals as Panel Sources and has requested authority from the Bureau to contact these individuals to ascertain if they would cooperate as Bureau sources for coverage of any Council activity in the future.

Bureau will be kept advised of progress in this matter.

Knoxville Credit Bureau records, as furnished on 3/20/58 by [redacted] reflect that [redacted] has been known to the Credit Bureau since 1954. It was reported that he has been employed as a [redacted] for employment by [redacted] and present employment by [redacted]. Records reflect that he had three accounts with loan companies which had to be charged off to profit and loss and that he has one repossession suit pending against him by a local furniture company. The credit record also reflected that he was reportedly fined $100.00 and cost in General Sessions Court of Knox County on 3/18/36, having been charged with reckless driving and speeding.

The Bureau has previously instructed in letter to Knoxville, 12/4/57, and letter to Atlanta, 12/23/57, "UNITED WHITE PARTY; INTERNAL SECURITY - X", (File 105-66233), that no investigation should be undertaken concerning the United White Party.

In Charlotte letter to Director, 2/11/58, entitled Citizens Councils; IS-X and United White Party; IS-X, (File 105-34237; 105-66233), Charlotte Office reported that an informant advised that in a meeting sponsored by the Citizens Council of Louisville, Kentucky at Louisville, 2/1/58, among those present was [redacted] of Knoxville. RACIAL MATTERS

Reurlet 8/2/62, with accompanying letterhead memo.

Page one, paragraph two of letterhead memo indicates that the Chattanooga Citizens' Council stands for state rights and racial integration. It is believed that this should read racial segregation.

In addition, the letterhead memo submitted has to be resubmitted since numerous pages have blurred type and are unsuitable for dissemination.

You are reminded of the instructions set forth in Bureau letter to SAC, Atlanta and various other offices (copies to Knoxville) dated June 13, 1958, captioned "Citizens' Councils; Internal Security - X." That letter instructed offices receiving copies of the letter to discontinue all efforts to develop informant coverage in citizens' councils. You were instructed that the discontinuance of the program in no way altered the Bureau's responsibility of keeping interested Government agencies and officials advised of actual or contemplated acts of violence in connection with the segregation issue; plans for acts violative of laws within the Bureau's jurisdiction, particularly those relating to civil rights; and the activities of individuals responsible for such acts.

The Bureau letter pointed out that you have a continuing responsibility to insure that the Bureau is apprised of all such information, and you were instructed to secure the information only through established sources, office contacts and close scrutiny of the public press.

An article appearing in the Chattanooga News-Free Press, a daily publication, Chattanooga, Tennessee, entitled, "Citizens' Unit Being Formed". This article is set forth as follows:
"CITIZENS' UNIT BEING FORMED"

"Simmons Speaking At Opening Rally"

"A man who has been described as the 'South's most sophisticated segregationist' is scheduled as main speaker Tuesday at 8 p.m. when Chattanoogans' Council stages an organizational rally at Read House's Continental Room.

"W. J. Simmons edits the Citizen, official publication of the Citizens' Councils of America. He will be joined at the meeting here by other CCA representatives including Louis Flayf, executive director of Jackson and Dr. Medford Evans, former Atomic Energy Commission official and former University of Chattanooga faculty member.

"Mr. Simmons himself was educated in Mississippi and the University of Toursaine in France, where he was studying when World War II erupted. He entered the British army and served in the West Indies.

"The Chattanooga Citizens' Council is being organized by a committee under the temporary chairmanship of Dr. John P. Hoover. Mrs. Willard Steele is serving as temporary secretary.

"Brochures Mailed"

"Initial invitations from the committee to a selected list of citizens in the city were marked 'confidential.' However, during this past weekend 18,000 brochures urging CCA organization here were put in the mail."
"Dr. Hoover has said the meeting is an invitational session, but added the invitation is 'general to white residents who believe in segregation.'

"Mr. Simmons gained his 'most sophisticated segregationist' description from writers who have interviewed him. Among these writers have been John Bartlow Martin of the Saturday Evening Post, Huston Smith, Massachusetts Institute of Technology professor and author, and newspapermen who covered the original 'freedom rides' into Mississippi last year.

"The brochures mailed during the weekend carry the title 'Why Must Chattanoogans Organize' and present a series of questions and answers, all of them dealing with integration."

A number of individuals, Chattanooga, Tennessee, have reported to the FBI, Knoxville, the receipt of a pamphlet at Chattanooga which is set forth as follows:

"Citizens' Councils States' Rights - Racial integrity"

"WHY MUST CHATTANOOGA ORGANIZE?"

"Q - Why do you say the white residents of Chattanooga must organize? Isn't that racism?"

"A - Racism endangers our social order. By leaning over backward to avoid the race issue, white people promote racism among the colored."

"Q - Does colored racism affect Chattanooga?"

"A - It is already upsetting public education. It is so strong politically that candidates for public office pointedly solicit the Negro vote on a racial basis, while decrying racism to whites."

"Q - How can this be explained?"

"A - Organization. The NAACP is better organized and financed than any white group except the Citizens' Councils of the Deep South."

"Q - Don't the Citizens' Councils cause trouble?"

"A - Citizens' Councils prevent trouble, if organized in time. They were organized earlier in Mississippi than anywhere else. Mississippi has had far less trouble than so-called 'moderate' states."

"Q - Isn't it too late to organize in Chattanooga?"
"A - Often the question is: Isn't it too early? The answer is: It is neither too late nor too early. The conflict which has begun will be long drawn out. We have time to organize, but no time to lose.

"Q - Isn't Communism a bigger threat than integration?

"A - The number-one item on the agenda of the Communist Party in the United States is integration. If we do not fight integration, we do not fight what the Communists are doing. Communists promote revolutions of race relationships all around the world. In Asia and Africa, they want to overthrow 'colonialism,' in Latin America 'Yankee imperialism,' in the United States 'Jim Crow and Dixiecrats.' It is all the same thing to them—a revolution of world society.

"Q - Is the question local or global?

"A - The question as a whole is global, but it will be settled locally. Local actions have global consequences.

"Q - Is one group of citizens more important than another?

"A - The Communists think so. They say property is the key to society. Property-owners are always the first to suffer, and the ones to suffer most, in anything the Communists do. This goes for integration as well as for 'agrarian reform' or any other Communist program.

"Q - How does integration affect property values?

"A - 'Sit-ins' and other activities of integrationists damage business in many ways, and this affects property. But the two most obvious items are:
"(1) Integration causes abuse or virtual abandonment of public parks and facilities, thus affecting all property in the city. (See an article in Look, July 3, 1962.)

"(2) Integration causes "block-busting." For a revealing report on what colored racism can do to home property values, see Saturday Evening Post, July 21, 1962.

"Integration is a chief cause of 'urban blight.'

"Q - Won't 'reverse freedom rides' transfer this whole problem to the North?

"A - "Reverse freedom rides" are very educational, and show that the problem of integration is nation-wide. It hits the North hardest because the North does not have the Southern system. If we let the Southern system go, we will have the problem in its worst form. The South will continue to have the problem, and in segregation it also has the solution. The Citizens' Councils are organized to help the whole country through promotion of the successful Southern system.

"Q - What is the organizational basis of the Citizens' Councils?

"A - They are autonomous at the local level. Decisions as to membership, financing, and activities are made locally. They are associated together in the Citizens' Councils of America, a national organization which furnishes guidance and support.

"Q - What can I do?

Confidential Informant Knoxville T-3, who has furnished reliable information in the past, on July 26, 1962, advised that the residence of this organization during 1947 in Rossville, Georgia, was a reported member of the Association of Georgia Klans. He reportedly stated that the members present were present and participated in an annual meeting of the Association of Georgia Klans at Stone Mountain, Georgia, during 1948. During this demonstration he became involved in an argument with other members of this organization from the State of South Carolina who reportedly "slapped" around when he was taking pictures of the demonstration. The reason reportedly was "slapped" was because the members from South Carolina did not know he was a member of the Association of Georgia Klan but believed him to be a newspaper reporter.

This informant reported that in the late 1950's he was a member of the Rossville, Georgia, Klavern of the Ku Klux Klan, Inc., and that he was a member of this organization at Rossville, Georgia, under the leadership of the Rossville, Georgia, Klavern, this organization.

This informant advised he had not received any information regarding membership or any connection with Klan-type organizations since late 1950.

This informant reported the receipt of the following letter:
An article appeared in Chattanooga News-Free Press, a daily publication, Chattanooga, Tennessee, on July 25, 1962, entitled, "300 Attend Organization of Citizens Council; Simmons Notes Kennedy Registration Appeal". The article, written by DURELL BULLOCK, stated an appeal of an active White Citizens Council in Chattanooga drew an estimated 300 persons into an organizational meeting at the Read House Hotel on the night of July 24, 1962, Chattanooga. The principal address was made by WILLIAM J. SIMMONS, Jr., Jackson, Mississippi, widely known for his work with Citizens Councils of America and administrator of that organization. He reportedly said they represent overwhelming majority of public sentiment, that Caucasian and Negro have never been integrated in our land, and racial segregation is a prevailing characteristic of American life. He urged his audience to join and participate in the Chattanooga Council. He said every white man and woman is going to have to stand on one side or the other, either with his own people or against them. SIMMONS noted the Negro leaders' drive to register voters, that President KENNEDY and his brother, the attorney general, have frequently encouraged Negroes to concentrate on mass registration as their vehicle to power.

The article stated that SIMMONS was joined here by LOUIS BOLLIS, Jackson, Mississippi, Executive Director of Citizens' Councils of America. Local persons serving on a committee to organize a council in Chattanooga, Tennessee, include Dr. JOHN P. HOOVER, temporary chairman, and Mrs. WILLARD STEELE, temporary secretary. Also present were Dr. MEDFORD EVANS, former Atomic Energy Commission official and former faculty member at the University of Chattanooga. Membership cards were distributed and the audience urged to join. The nominating committee met to draw up a board of directors, which in turn is to select officers.

A second meeting, the date of which is to be set later, is to be held in about a month.
The ASSOCIATION OF GEORGIA KLANDS has been cited as coming within the purview of Executive Order 10450.
U. S. KLANS, KNIGHTS OF THE
KU KLUX KLAN, Inc. (TENNESSEE)

Source advised on October 12, 1956, that
organized a new klan group at Atlanta,
Georgia, in 1953. This organization received a corporate
charter in Georgia, in October 1955, under the name U. S.
Klans.

Sources advised in October 1956, that the
U. S. Klans has no affiliation with any previous klan
group, but utilizes with minor changes the Klan Kloran
or Ritual, written in about 1915 by WILLIAM JOSEPH SIMMONS
and used by the now defunct Knights of the Ku Klux Klan
(1915-1944). These sources advised the U. S. Klans has
as its principal aims and objectives the promotion of
Americanism, White Supremacy, and Segregation.

Source stated the aims, objectives and
principals for all practical purposes are the same as
those of the Knights of the Ku Klux Klan.

Sources stated that on numerous occasions
has announced objectives will be made through
legal means and without violence. They advised klan
officials expect to achieve objectives through strength
in membership, thus insuring selection of public offi-
cials who are sympathetic with their views.

Sources advised in November 1956, that
and other individuals responsible for organizing
the U. S. Klans are former officers and members of the
Association of Georgia Klans (AGK), AGK has been desig-
nated by the Attorney General pursuant to Executive Order
10450.

Sources advised in 1958 that the U. S.
Klans continues as the principal klan in operation and
is actively engaged in recruiting members in several
Southern states. These informants advised that the U. S.
Klans has made considerable progress within the past year
in opening new units in the Southern states.
DIXIE KLANS, KNIGHTS OF
THE KU KLUX KLAN, INC.

Confidential Sources advised it was announced
at a meeting of Klavern #1, U. S. Klans, Knights of the Ku
Klux Klan, Inc., at Chattanooga, Tennessee, on
that some former leaders of Klavern #1 and their close
associates had been banished from U. S. Klans, Knights of the
Ku Klux Klan, Inc., during the preceding week.

Sources advised those individuals who were
banished formed a new klan organization known as Dixie Klans,
Knights of the Ku Klux Klan, Inc., with headquarters in Masonic
Hall, 2523 Glass Street, East Chattanooga, Tennessee. A general
welfare charter was secured from the State of Tennessee on
October 21, 1957, which charter lists some of the purposes
of the organization as freedom of speech and association,
rejection of forced integration, preservation of the Constitu-
tions of the United States and of Tennessee, and preserva-
tion of the sovereignty of each state.

On April 26, 1962, Source stated that the Dixie
Klans, Knights of the Ku Klux Klan, Inc., has active klaverns
in Tennessee, Georgia, Alabama, and Virginia. This informant
advised attempts were made to organize klaverns of this orga-
nization in Arkansas, Mississippi, Florida, South Carolina,
and North Carolina, but the attempts at organization in these
states have not been successful.

A Confidential Source advised during fall of 1960
that a "den" of Klavern #1, DK, KKKK, Inc., Chattanooga,
Tennessee, consisting of ten members and two alternates, including
JACK WILLIAM BROWN, Imperial Wizard (National President) of
DK, KKKK, Inc., Klavern #1, Chattanooga, Tennessee (the
and others, all listed as members of Klavern #1, DK, KKKK, Inc.,
Chattanooga, Tennessee, during July, August, and September,
1960, were reportedly responsible for five bombings of resi-
dences of Hamilton County, Tennessee, during July and August
1960.
These acts and meetings were reportedly closed and rank and file members of this organization unaware of such. All reported members and alternates of den interviewed during another investigation, denied knowledge of bombings or acts of violence, denied knowledge of "den" of DK, KKKK, Inc., and in DK, KKKK, Inc.

54 SEP 7 1962
On July 17, 1962, Confidential Informant Knoxville T-1, who has furnished reliable information in the past, furnished the following information:

Informant stated MEDFORD EVANS, Ph.D., who formerly taught English at University of Chattanooga, approximately 1942-1943, and who reportedly was later employed at Oak Ridge, Tennessee, came into Chattanooga approximately the first week of July,
to organize this council. He stated and were reportedly well regarded in the Chattanooga area. He indicated EVANS, in the early 1940's, was a controversial figure in this area; however, could furnish mo specific information concerning this statement, except to remark he was considered a "left wing" type individual in those days, and would not further elaborate on this statement.

The 1962 Chattanooga City Directory reflects Chattanooga, Tennessee.

Informant advised he was furnishing the above information to this office in the event inquiry was received from the U. S. Attorney General concerning this organization. He said Attorney General EDWARD DAVIS, Hamilton County, made the statement this morning at the law enforcement commissions meeting that he would wire the U. S. Attorney General this date concerning this organization.

Informant desired that his name not be divulged, and stated he would make available a copy of the aforementioned announcement.

Informant also advised that MEDFORD EVANS is reportedly the present editor of an unknown newspaper in the State of Louisiana, name of city not known. Also he has been in the past employed as Dean of Men, McMurray College, Abilene, Texas, and after leaving the University of Chattanooga, approximately 1942-43, he was employed in an unknown capacity at Oak Ridge, Tennessee.

An article appearing in the Chattanooga News-Free Press, a daily publication, Chattanooga, Tennessee, entitled, "Citizens' Unit Being Formed". This article is set forth as follows:

"CITIZENS' UNIT BEING FORMED"

"Simmons Speaking At Opening Rally"

"A man who has been described as the 'South's most sophisticated segregationist' is scheduled as main speaker Tuesday at 8 p.m. when Chattanooga Citizens' Council stages an
organizational rally at Hotel House's Continental Room.

"W. J. Simmons edits the Citizen, official publication of the Citizens' Councils of America. He will be joined at the meeting here by other CCA representatives including Louis Hollis, executive director, of Jackson and Dr. Medford Evans, former Atomic Energy Commission official and former University of Chattanooga faculty member.

"Mr. Simmons himself was educated in Mississippi and the University of Touraine in France, where he was studying when World War II erupted. He entered the British army and served in the West Indies.

"The Chattanooga Citizens' Council is being organized by a committee under the chairmanship of Dr. John P. Hoover. Mrs. Willard Steele is serving as temporary secretary.

"Brochures Mailed

"Initial invitations from the committee to a selected list of citizens in the city were marked 'confidential.' However, during this past week end 18,000 brochures urging CCA organization here were put in the mail.

"Dr. Hoover has said the meeting is an invitational session, but added the invitation is 'general to white residents who believe in segregation.'

"Mr. Simmons gained his 'most sophisticated segregationist' description from writers who have interviewed him. Among these writers have been John Bartlow Martin of the Saturday Evening Post, Huston Smith, Massachusetts Institute of Technology professor and author, and newspapermen who covered
the original 'freedom rides' into Mississippi last year.

"The brochures mailed during the weekend carry the title 'Why Must Chattanoogans Organize' and present a series of questions and answers, all of them dealing with integration."

A number of individuals, Chattanoogans, Tennessee, have reported to the FBI, Knoxville, the receipt of a pamphlet at Chattanooga which is set forth as follows:

"WHY MUST CHATTANOOGA ORGANIZE?"

"Q - Why do you say the white residents of Chattanooga must organize? Isn't that racism?"

"A - Racism endangers our social order. By leaning over backward to avoid the race issue, white people promote racism among the colored.

"Q - Does colored racism affect Chattanooga?"

"A - It is already upsetting public education. It is so strong politically that candidates for public office pointedly solicit the Negro vote on a racial basis, while decrying racism to whites.

"Q - How can this be explained?"

"A - Organization. The NAACP is better organized and financed than any white group except the Citizens' Councils of the Deep South.

"Q - Don't the Citizens Councils cause trouble?"

"A - Citizens' Councils prevent trouble, if organized in time. They were organized earlier in Mississippi than anywhere else. Mississippi has had far less trouble than so-called 'moderate' states.

"Q - Isn't it too late to organize in Chattanooga?"

"A - Often the question is: Isn't it too early? The answer is: It is neither too late nor too early. The conflict which has begun will be long drawn out. We have time to organize, but no time to lose.

"Q - Isn't Communism a bigger threat than integration?"
"A - The number-one item on the agenda of the Communist Party in the United States is integration. If we do not fight integration, we do not fight what the Communists are doing. Communists promote revolutions of race relationships all around the world. In Asia and Africa they want to overthrow 'colonialism,' in Latin America 'Yankee imperialism,' in the United States 'Jim Crow and Dixiecrats.' It is all the same thing to them—a revolution of world society.

"Q - Is the question local or global?

"A - The question as a whole is global, but it will be settled locally. Local actions have global consequences.

"Q - Is one group of citizens more important than another?

"A - The Communists think so. They say property is the key to society. Property-owners are always the first to suffer, and the ones to suffer most, in anything the Communists do. This goes for integration as well as for 'agrarian reform' or any other Communist program.

"Q - How does integration affect property values?

"A - 'Sit-ins' and other activities of integrationists damage business in many ways, and this affects property. But the two most obvious items are:

"(1) Integration causes abuse or virtual abandonment of public parks and facilities, thus affecting all property in the city. (See an article in Look July 3, 1962.)
"(2) Integration causes 'block-busting.' For a revealing report on what colored racism can do to home property values, see Saturday Evening Post, July 21, 1962.

"Integration is a chief cause of 'urban blight'.

"Q - Won't 'reverse freedom rides' transfer this whole problem to the North?

"A - 'Reverse freedom rides' are very educational, and show that the problem of integration is nation-wide. It hits the North hardest because the North does not have the Southern system. If we let the Southern system go, we will have the problem in its worst form. The South will continue to have the problem, and in segregation it also has the solution. "A - They are autonomous at the local level. Decisions as to membership, financing, and activities are made locally. They are associated together in the Citizens' Councils of America, a national organization which furnishes guidance and support.

We must not surrender by default! These leaders believe the best answer to our problem is ONE STRONG
KNXVILLE CITIZENS' COUNCIL

ORGANIZATION in greater Knoxville to stop those who would surrender our Constitutional rights. We believe you share this concern and understand the hazard now confronting all of us in Knoxville. WE NEED YOUR HELP!

On Thursday evening, September 27, there will be a meeting in the Colonial Room at the Farragut Hotel at 8:00 p.m. Your presence at this meeting will be of great value in the effort to maintain the social security and economic future of ourselves, our children and future generations.

At this meeting, a KNOXVILLE CITIZENS' COUNCIL will be organized. It will be affiliated with the Citizens' Councils of America, a national pro-segregation organization which has been highly successful in many states.

The strong stand of Governor Barnett who recently repeated his campaign pledge that "NO SCHOOL WILL BE INTEGRATED IN MISSISSIPPI WHILE I AM GOVERNOR" has aroused the admiration of Americans everywhere. Governor Barnett is a charter member of the Citizens' Council.

The three candidates for governor of Tennessee have been invited to speak at our organization meeting on September 27. At least one candidate has already accepted. Come and hear what they have to say about Constitutional government and racial integrity.

Kindly take a moment--NOW--to indicate on the bottom of this letter whether you are planning to attend our first meeting. Detach your reply and mail it in the enclosed envelope. Please make every effort to attend--and bring your family and friends! We will be looking forward to seeing you on September 27th.

Sincerely,

/s/

Enclosed for the assistance of Dallas is one copy of referenced Knoxville letter.

Enclosed for Knoxville is one copy of report of SA ROSS D. WOLCOTT dated 7/30/47 at Houston, Texas, captioned "MEDFORD BRYAN EVANS, AEAE."

Referenced Knoxville letter requested background investigation concerning one MEDFORD EVANS, who formerly taught English at the University of Chattanooga, and was reportedly employed at Oak Ridge, Tennessee. Knoxville reported this individual was also employed in the past as Dean of Men, McMurry College, Aberdeen, Texas.

For the information of Knoxville, McMurry College is located at Abilene, Texas, in the territory of the Dallas Office.

Indices of the Houston Office contain one reference to the name MEDFORD BRYAN EVANS, who is apparently identical with the individual under investigation by Knoxville. This reference pertains to an Atomic Energy Act investigation requested 7/1/47 by the Bureau (Bureau File 116-16338), Knoxville being the principal office in that investigation.

Re: Houston letter to Bureau, 10/10/62.

The following investigation was conducted by SA (11/2/86) at McMurtry College:

McMurtry College, advised Dr. MEDFORD EVANS occupied the position of Administrative Dean at McMurtry from 9/1/53 to 10/15/64. A portion of Dr. EVANS' duties consisted of supervision over college professors. He had the reputation of being a dictatorial individual who had fixed opinions on most every subject. [name redacted] described Dr. EVANS as being overzealous in his self-fought battle against communism. Dr. EVANS was constantly bringing up the subject of Communism at various meetings and debates when the situation did not call for it. It was because of his overzealous actions against communism that the officials at McMurtry College released him from his position. [name redacted] described Dr. EVANS as being an energetic individual who if given a chance would project all of his energy into any direction in order to further a cause. He classified Dr. EVANS as being a conservative. He did not know of any clubs or associations with which Dr. EVANS was associated while he was in Abilene. He does not recall that Dr. EVANS expressed any interest or offer any opinions concerning racial matters while in Abilene.

Recalled that Dr. EVANS became associated with the Facts Forum group in Dallas after leaving McMurtry College. He classified Dr. EVANS as being a loyal American citizen on the basis of his contact with him during 1953 and 1954.

McMurtry College, advised he was not on the campus at the time Dr. EVANS occupied the position of Academic Dean. He had heard from fellow instructors that Dr. EVANS was very dictatorial in his dealings with fellow instructors. He had also heard that Dr. EVANS was overzealous in his feelings against communism and was constantly on "witch hunts" for communists while in Abilene.
It should be noted that Facts Forum was an organization founded by former Bureau agent DAN SMOOT and was anti-communist in nature.

Former [blurred] (RAC) and former [blurred] (RAC) advised that EVANS is unknown to them.

Dallas Office indices reflect no other information concerning EVANS other than his being [blurred] in Abilene, Texas.

Parley to Hear Dr. Oliver

Professor Outspoken Against Communism

Dr. Revilo Pendleton Oliver, professor of classics at the University of Illinois, Urbana, Ill., will be the principal speaker Friday at a banquet concluding the first day's program of the 11th annual leadership conference of the Citizens Council of America.

Dr. Oliver's subject is to be "Can Liberals Be Educated?" It is part of a program centered around the theme of "How Can We Educate Our Children?" which will dominate the two-day meeting at the Read House here.

Dr. Oliver will be introduced by Dr. Nielord Evans, author and lecturer and former University of Chattanooga professor. Dowey Harris will preside at the banquet. Dr. J. Park McCullough will preside at the banquet. Dr. J. Park McCullough will give the invocation, and Prentice Cooper, former governor of Tennessee, will welcome the "state" there attending the convention.

The meeting session will begin at 6:30 p.m. Tickets to the banquet are $10 each and tickets to the full two-day program, including a luncheon Saturday, are $25.

'SPEAKS OUT'

Dr. Oliver is described as one of the few college professors speaking out publicly against communism. During World War II he was director of research in a secret agency of the War Department and it was here that his attention was first called to the magnitude of Communist penetration in this country, material furnished by the Citizens Council says.

Information acquired in his wartime position has enabled him to follow the progress of the Communist conquest of the world abroad and of the Communist conspiracy, at home, it is explained.

To expose the Communist conspiracy he has written many book reviews and articles in periodicals such as "American Opinion," in which he has been writing the monthly "Review of Reviews," "Modern Age," "American Progress," "Free Enterprise," "Christian Economics," the "National Review," and "Nation's Business," in which, as long ago as 1924, in two articles, he attacked agencies of the New Deal as socialistic.

A native of Texas, he attended high schools in Illinois and California, is a graduate of Pomona College in Claremont, Calif., and holds a Ph.D. degree from the University of Illinois.

For many years he has taught almost entirely graduate students in classical philology and for a number of those years he has also taught graduate courses in Spanish and Italian.

In 1933-34 he spent a year in Italy on a Fulbright Research Fellowship exploring Renaissance manuscripts in Italian monasteries.

His published works include the translation of a Sanskrit work, "Mrchchhataikika" ("The Little Clay Cart").

RACE EQUITY

Patterson Says Mix Harmful to Schools

"Telling the Negro he is just a
menial or a cr" he said
does the Negro injury," Robert
B. Patterson, secretary of the
Citizens' Council of America,
said here Saturday.

Mr. Patterson's talk concluded
the two-day eleventh annual lead-
ership conference, held at the
Read House, which brought more
than 300 Citizens' Council leaders
and educators here from places as far away as California.

Declaring that the welfare
of the nation is threatened by pro-
paanda that all men are equal and
there is no difference between the
races except color," he said
"many of us don't dispute the
equality of the Negro in the sight
of God, nor that he should re-
ceive equal justice under the law,
but we do insist that the white
man and the Negro are not
equal in all respects.

"We see no reason to destroy
the public school system because
some do-gooders like to think
they are equal in all respects." The reference to the school
system was in line with the theme
of the conference at which other
speakers predicted the downfall
of the public school system under
forced integration and the success-
ful rise of private schools.

Mr. Patterson said the average
Negro intelligence quotient was
less than the average-white intel-
ligence score and "many South-
geners look on with horror as
federal registrars force voter
registration of illiterates. Noting
that voter registration lists are
often used for election of jury
lists, he asked, "Who among you
would want to be tried by a jury
of illiterates?"

PRIVATE SCHOOL OPENS

Citizens' Council's newest private
school, was established at Jackson. He said 50 people
contributed $100 each to buy an
old residence and tuition was set
